**Course Courtesy**

Never throw when park users are within range

Remain quiet while others are throwing

Stand behind the other players throwing

Allow faster groups to play through if possible

**Objective**

Disc Golf is like traditional ball golf, but with discs. One stroke is counted each time the disc is thrown and for each penalty. The player with the lowest total strokes for the entire course wins.

**How to Play**

Each hole begins with a tee throw from the paver tee area. Make subsequent throws from directly behind where the previous throw landed. A run-up and follow-through is allowed. After teeing off, the player who is farthest from the hole throws first. A hole is completed with a disc comes to rest in the basket or chains. The player with the least amount of strokes on the previous hole is first to tee off on the next hole. A throw that lands fully out of bounds must be played 3 feet in bounds from where the disc went out.
