

# City of Warsaw Bicycle Rack Request Form

In an effort to create an interesting and pleasing atmosphere, the City of Warsaw has established a unified design theme for public utilities in the downtown district. The bicycle racks placed in public right of way contribute to this theme. They are decorative, and accommodate two bikes each. If you are interested in having one of these bicycle racks placed in front of your property in the public right of way, please fill out this form and submit it to Tim Dombrosky, Assistant City Planner in the Warsaw Planning Department (contact information below.) Your request will be prioritized with an effort to efficiently provide the most benefit to the city's residents.
